

Finnish ADA pattern known on amusement tax stamps

Another perfin has turned up from Finland—this time on a 1927 amusement tax stamp. The stamps were used to collect a tax on almost any kind of amusement: this one is for a theatrical performance. It bears an ADA perfin. The stamp is

from the collection of Jacob Kisner (#2168), who says he knows nothing about the

meaning of the ADA pattern. The playgoer in this case recorded the play involved—Gloria, a Love Story,

starring Maria Cepotari and Paull Kempf on December 27, 1941. This is the 14th perfin known on the postal and revenue paper of Finland.
